Explanation of Case Dispositions

UNLAWFUL USE OF DRIVER'S LICEN

Active - Crime is currently under investigation and is actively being pursued. A police officer is assigned the case for follow-up.

Adult Arrest - An adult arrest has been made and charges filed with the Clerk of Court

Pending Review - The report is being reviewed by a supervisor and has not been approved. The classification may change pending the review.

Unfounded - An investigation of a report has determined that it is false or baseless.

Inactive - Crime is currently under investigation but not actively being pursued unless more information is forthcoming. An officer is not assigned to the case.

Juvenile Custody - A juvenile has been taken into custody and referred to the Juvenile Court for the incident.

Other - The classification cannot be placed into another category.

Adult and Juvenile Exception - In certain situations, elements beyond law enforcement's control prevent the agency from arresting and formally charging the offender. When this occurs, the agency can clear the offense exceptionally. Law enforcement agencies must meet the following four conditions in order to clear an offense by exceptional means. The agency must have:

- Identified the offender.
- Gathered enough evidence to support an arrest, make a charge, and turn over the offender to the court for prosecution.
- Identified the offender's exact location so that the suspect could be taken into custody immediately.
- Encountered a circumstance outside the control of law enforcement that prohibits the agency from arresting, charging, and prosecuting the offender.

Examples of exceptional clearances include, but are not limited to, the death of the offender (e.g., suicide or justifiably killed by police or citizen); the victim's refusal to cooperate with the prosecution after the offender has been identified; or the denial of extradition because the offender committed a crime in another jurisdiction and is being prosecuted for that
